Leap Legal Software

Dear Sir/Madam

888 Corporate Pty Ltd

888 Corporate have provided all of my IT solutions including hardware, software, installations, upgrades and service from the inception of Evolution Legal earlier this year.

Sean Edmonds and his team have provided much needed and valuable upfront and ongoing assistance in providing the best product knowledge, quality equipment and support when it comes to computer equipment for my practice.

As the efficient running of LEAP is dependent on the software that it links to, the team at 888 Corporate are always on hand to deal quickly with any issues that may arise.

Sean has always provided us with first-class and professional service and is very knowledgeable regarding LEAP software. We have no hesitation in recommending 888 Corporate to any LEAP customer.

Yours faithfully,

M.P.
