Dear Sir/Madam

**Re: CoffsDotCom**

This is to advise that Lewis Wayne Irving of CoffsDotCom has been providing technical support for our business since 1999. CoffsDotCom has managed, installed and moved LEAP to a new server and upgraded LEAP Documents and Accounting Server many times during that period.

I appreciate his understanding of the need to provide a high level of customer service, especially in crisis situations.

I have no hesitation in recommending Lewis Wayne Irving and CoffsDotCom to any firm who use LEAP Legal Software.

Yours faithfully

**PAUL TIPPER & ASSOCIATES**
