Dear Sir/Madam

RE: IMPULSE DATA

Tim Andrews of Impulse Data has provided IT support to this firm for approximately 10 years. Tim has been responsible for the installation and maintenance of all our computer hardware and software and provided valuable advice in relation to the upgrading of equipment.

In 2005 Tim assisted with the transition from Perfect Balance to LEAP and is now responsible for its ongoing maintenance and upgrades.

Tim has always provided this firm with first class service and is very knowledgeable regarding LEAP. We would have no hesitation in recommending Impulse Data to any LEAP customer.

Yours faithfully
