National Services Manager  
LEAP Legal Software  
189 Kent Street  
Sydney NSW 2000

Dear Ms Broadley

As requested by Ian Bollen of Miser Legal Solutions we confirm we are a client of that company and have installed the LEAP Software, in house on our VM Ware Servers locally and with Terminal Servers for our branch offices.

The installation of LEAP has gone exceedingly well with the hardware coming back in house from our hosted off site installation for Elizabeth Street.

We advise we are extremely happy with the support we get from Miser help desk staff as most issues are dealt with in minutes, if not immediately, with a human face and we are happy to provide the appropriate testimony to that point.

Yours faithfully
