Dear Peter,

I am delighted to give you a letter of recommendation to be used towards your goal to become a LEAP Certified Consultant.

Nautilus Law Group Pty Ltd had been using the Lawmaster Programmes for our accounting with continuous issues up until Katrina Brown met with the LEAP Company. After much negotiating we decided to completely convert our system to LEAP and MYOB.

We had training from the LEAP consultants but it in no way prepared us for the marathon task of switching to LEAP.

My son and sister-in-law have utilised your services and raved about your patience, knowledge base and professionalism. They stated the solution to my daily frustrations could be resolved by meeting with you. From December 2009 to the present, you have been a brilliant trainer in MYOB and with your training on how to link LEAP Accounting with MYOB we were able to convert our Lawmaster records to MYOB and LEAP in a matter of three weeks.

You are an amazingly patient trainer and have consistently been available to help me correct errors I have made. You have taught me the importance of keeping everything in order in both the Trust Accounts and The General accounts, as well as explaining the relationship between these accounts and MYOB.

You have definitely saved my sanity with your optimism, encouragement, and easy availability.

I highly recommend you to become a LEAP Certified Consultant. LEAP will benefit in so many ways by taking on your talents.

Best wishes,

Madge Brown
